"LIFE IS BUT A TRIANGLE"

SAYS DR. NADAL IN ADDRESSING COLLEGE GRADUATES.

LAMKIN GIVES DEGREES

Graduation Class Presented to President by Dean Colbert—Award Certificates to Qualified Students.

"Life is made up of three great facts. That of discovering yourself, discovering your God, and discovering your neighbor," said Dr. Thomas W. Nadal, president of Drury College, Springfield, Mo., in the commencement exercise address, delivered at the College auditorium this morning.

Dr. Nadal continued to analyze life in the form of a mathematical problem. The three great facts of life, forming the three sides of the triangle, need but to be joined together in the solving of the mysteries of life.

Uel W. Lamkin, president of the State Teachers College, introduced Dr. Nadal to the graduating students and to the assembly. On the stage with the speaker were Miss Laura Schmitz, of Chillicothe and William F. Phares, members of the board of regents, the Rev. R. E. Snodgrass, Dean G. H. Colbert, and President Lamkin.

The processional march, "Marche Militaire" by Shubert was played by Thomas Annett, of the College music faculty. The invocation was pronounced by the Rev. Snodgrass and following this the speaker of the morning was introduced.

The 1925 graduating class, who receive the B. S. or A. B. degrees, were presented to President Lamkin by Dean Colbert with the recommendation of the faculty that they receive the degrees. The students applying for 60 hour and 30 hour certificates were also presented to the President. President Lamkin then awarded the degrees to the students.

The College song, "Alma Mater" was sung by the audience and followed by the Recessional. As the seniors marched out the audience stood in honor of the graduates.

There were forty-seven students that were applicants for the 30-hour certificates and fifty-three sophomores who had completed the requirements for the 60-hour diplomas.

President Lamkin also awarded degrees to fifty-seven additional students upon the completion of the work in the summer semester.

Dr. Nadal said in part:

"Shakespeare speaks of the world as a stage and upon which all of the men and women take their parts as actors. He might just as well have illustrated the world as a school in which all of the men and women are students and all are figuring away at their problems. It is strange to say that all of these men and women are working towards the same end and that their vocations and trades serve only as means of attack on the real problem of life.

"Every intellectual individual is busy, skilled or unskilled, wise or not wise, in trying to find the value of "x" or the unknown figure of the equation of human existence. Every one must attempt to solve for themselves this greatest problem of life, that of life itself.

"There have been many different illustrations given to de-picture life. We have the description of life as a stream or as a voyage. These are all poetical and fitting but there are many people who will vary on the value of a tree. Therefore if we are to understand life and its problems we must reduce our illustration to one that is exact.

"I wish you to think with me on this supreme problem in terms of mathematics. I do not choose mathematics to rob life of its beauty but because it is exact, inevitable, and convincing. Mathematics is a science, whose laws are admitted the world over. In choosing mathematics we thus eliminate many of the mysteries and complexities of life.

"In our analogy we will choose the most simple of geometric figures, that of the triangle. A triangle has three sides. These sides join at angles or vertexes. Thus there must be three facts of life that join together to make a complete living. You will possible doubt me at first when I say that nothing in the world has ever occurred unless it was in direct relation to these three facts. Truly, then, if we

Plans for Part of Fillmore St. Adopted

City Council in Session Last Night Introduces Ordinance For Paving 4 Blocks on Fillmore Street.

Plans and specifications for Fillmore street between Second and Third streets as made by E. T. Archer Co., consulting engineers, were adopted last night by the city council in special session. The council also introduced an ordinance for the paving of Fillmore street between Fourth and Eighth street with seven inch re-inforced concrete. The council adjourned to meet again at next regular session, June 1.

A petition was filed with the city clerk this morning by property owners, requesting the council to order in a street light at the intersection of East Grand and South Main streets. The petition was signed by Mrs. Mary Kendall, Mrs. Mary L. Trueblood, Mr and Mrs. A. R. Sage, Neva V. Sage, Mary E. Hook, Mr. and Mrs. M. S. Hamilton, Mr. and Mrs. George J. Moore and Fred W. Smith.

ROY WOLFERS TO QUIT BANK

PICKERING MAN AND FAMILY TO LEAVE.

RETAINS SOME STOCK

Has Been Cashier Of Bank Of Pickering For Last Thirteen Years—Succeeded by D. W. Robb.

Roy Wolfers, cashier of the Bank of Pickering at Pickering, for the past thirteen years, has disposed of part of his stock in the bank to D. W. Robb, who has been assistant cashier of the Bank of Pickering, and Mr. Robb's father, W. L. Robb of Hopkins. Mr. Wolfers will retain part of his stock and will sever his connection with the bank as cashier on July 1. He will be succeeded by D. W. Robb. The other officers of the bank, E. C. Wolfers of Hopkins as president, and C. E. Dunlin, Hopkins, as vice-president, will remain.

Mr. Wolfers disposed of part of his stock on account of the health of his family. They intend to leave Pickering but have not decided on their new location.

Mr. Wolfers before becoming cashier of the bank at Pickering was connected with the Wolfers Mercantile Store of Pickering. This bank during the time he has been cashier is one of the substantial banks of the county.

Mr. Robb who will succeed Mr. Wolfers as cashier has been assistant cashier of the bank of Pickering for the past five years.

Socialists to Support Firm Moroccan Policy

In Caucus French Radicals Vote Approval of Painleve's Latest Move Against Riffians.

Paris, May 27.—The socialists, meeting in a party caucus today, decided to support Premier Painleve's Moroccan policy.

M. Painleve will debate his policy, which is for energetic measures against the Riffians, in the Chamber of Deputies this afternoon.

Only last week the socialists sharply criticized Painleve's Moroccan policy.

Jay Puckett, who has been teaching in the Albany schools, is visiting his parents, Mr. and Mrs. T. J. Puckett.

Mrs. S. P. Ballenger of Burlington Junction is spending the day with Mr. and Mrs. Fred Nicholas.

CLASS FUND IS CLASS GIFT

PRESENTED TO COLLEGE LAST NIGHT BY MISS McREYNOLDS.

PLAY SCORES A HIT

"Mr. Pim Passes By" Delights Capacity Audience—Presents Cane to Junior Class President.

"Mr. Pim Passes By," the class play of the 1925 senior class of the State Teachers College, was presented to a capacity audience in a manner that met with universal aproval.

The cast was well chosen and the presentation of the play was excellent. The serious yet humorous plot of the play proved exceedingly interesting and delightful.

The gift of the senior class was an endowment fund for the S. T. C. library. This gift was presented to the College by Miss Laura McReynolds, who stated that the senior class desired to leave something behind that would be permanent. The new ideas and thoughts that are instilled in students by the reading of good books would produce a benefit that not only would be permanent but which would increase during the many years. Uel W. Lamkin, president of the College, accepted the gift on behalf of the College and the trustees.

It is the plan of the senior class to give a permanent endowment fund to three trustees, the president, registrar, and librarian, who would use the interest in buying new books for the library. A bronze plate was also presented, which is to be hung in the hall, and the names of other donors inscribed upon it.

In behalf of the senior class Harry Nelson presented the College with a cut-leaf birch tree, which was planted along the driveway west of Residence Hall.

Carrying out a tradition of the College, Garland Miller, senior class president, presented the junior class president, Julia Hankins, with the senior cane, emblematic of leadership and responsibility. He reminded the juniors of the responsibility that the cane carried and repeated the College oath. Miss Hankins in accepting the cane promised to uphold the traditions of the past and repeated the oath of the College.

The senior play, a comedy in three acts, concluded the program last night.

The scene of the play is the morning room at Marden House, Buckinghamshire, England; time of the play, a day in July.

The role of George Marden, a sedate English gentleman, with very determined desires and tastes, was played by Perry Eads, who maintained his reputation for his ability to handle the part of such a character.

Mabel Raines very ably represented the part of an older sophisticated lady who possessed the characteristic of cleverness in inducing her husband to look at things from her point of view.

Dinah, niece of George Marden, who was very much in love, appeared in the play in the person of Lena Johnson, who acted well the part.

Laveta Epperson played the part of Lady Marden, Marden's aunt. Miss Epperson is at home on the stage in just such a role. As usual, she won the admiration of her audience.

The young painter, Brian Strange, Dinah's fiance gave Duane Whitford ample opportunity for portraying his dramatic ability.

Jeannie Blacklock took the part of Anne, an English maid, and did it well.

Russell Allen starred in the role of Mr. Carraway Pim, a passer-by who left only consternation in his wake.

The play as a whole upheld the reputation of the senior class in ability not only to do things, but do them well.

"Mr. Pim Passes By" is a royalty play by A. A. Milne. It was first produced at the Gaiety Theatre, Manchester, England. It was later produced at Garrick Theater in New York, in 1921.

The play was directed by Miss La Veta McClanahan, dramatics instructor at the college, and social adviser to the senior class. Garland Miller was business manager. Staging was taken care of by Raymond Henning.

Catherine and Bobby Martin, who have been visiting their grandfather, John Mahoney, and other relatives, for a few days, returned to their home in Creston, Ia., Sunday.

Des Moines Robbers Were in This County?

Sheriff L. B. Campbell was notified that a bank at Des Moines was robbed at noon today and the robbers were headed south. A large reward is offered for their apprehension or capture, according to the sheriff. The men were in a large Marmon touring car at the time of the get-away, bearing an Indianapolis license number.

It is suspected that there are four or five implicated in this robbery as day before yesterday Dean Campbell was given a job at his garage in Barnard of fixing a tire for the driver of a Marmon touring car. The parties left the tire there, saying he could not wait, but phoned in from another town saying that a man in a Studebaker would call for the tire. The Studebaker car, with a Kansas license plate, stopped there and got the tire from Campbell. Word of the robbery at Des Moines was broadcast early this afternoon and authorities for hundreds of miles around put on the watch.

LAMKIN AGAIN HEADS SCHOOL

IS RE-ELECTED PRESIDENT FOR TWO-YEAR TERM.

FACULTY IS ENLARGED

Six More Teachers Employed for Summer Session—Phares Is Re-Named President of Board.

Uel W. Lamkin, who has been president of the Northwest Missouri State Teachers College here for the last four years, was re-elected for a two-year term at a meeting of the Board of Regents of the College yesterday afternoon.

William F. Phares of Maryville was again chosen president of the board, B. G. Vorhees of St. Joseph, vice-president, and W. A. Rickenbrode, secretary.

Six additional teachers for the summer session of the College were also employed by the board yesterday. These are Miss Lois Welty and Miss Emily Wyatt, both of the St. Joseph schools, who will teach courses in English, H. U. Hunt of Excelsior Springs and Miss Nellie Mack of Columbia, who will teach in the department of education, Miss Blanche Higgins of St. Louis, who will assist in the women's physical education department, and Miss Artie West of Plattsburg, who will be employed in the library during the summer term.

Various problems concerning the College were discussed at the meeting yesterday afternoon but no definite action taken. The board adjourned to meet at St. Joseph at 1:30 o'clock next Tuesday afternoon at which time the program for the College for the next two years will be considered, and some definite action taken in line with the appropriations recently granted by Governor Baker.

Seventy-One Miners Trapped by Explosion

Six Bodies Recovered In Disaster At Raleigh, N. C., According to Reports to Nat'l. Bureau of Mines.

Washington, May 27.—Seventy-one miners were trapped today in the Carolina Company's mine at Raleigh, N. C. Six bodies have been recovered, according to telephonic advises received here by the bureau of mines. The miners were trapped in an explosion which was almost immediately followed by fire, bureau officials said.

A heavy loss of life was feared because the mine has no facilities for fighting fires and has but one gas mask, it was said by Dr. T. N. Read, safety service director of the bureau of mines.

Convicted Under New Gasoline Tax Measure

St. Louis, May 27.—The first conviction in Missouri under the new 2-cent-gasoline tax law was returned today against S. W. Kopman, president of the Perfect Motor Oil Co., who was fined $100 each on three counts. He was specifically charged with not registering as an oil dealer, not paying inspection dues, and evading the 2-cent gasoline tax.

Mr. and Mrs. Charles Smith and Mrs. W. S. Wallace of Clearmont attended the commencement exercises at the College this morning.

HELP VETS; BUY A POPPY

WILL GO ON SALE IN CITY TOMORROW MORNING.

1,500 ARE TO BE SOLD

Mayor Issues Proclamation Urging Citizens to Buy Poppies From the Girls Tomorrow.

Tomorrow is Poppy Day in Maryville.

A shipment of 1,500 poppies, made by disabled veterans of the World War who are confined in United States hospitals, has been received by the Veterans of Foreign Wars and will be sold throughout the city under the auspices of the V. F. W. and The Women's Auxiliary to the V. F. W.

The poppies will be sold by girls of the Maryville High School, starting at 9 o'clock tomorrow morning. They will have their headquarters on the courthouse square.

Mayor W. O. Garrett has issued a proclamation urging the citizens of the city to support this worthy cause and to buy poppies tomorrow. Mayor Garrett's proclamation is as follows:

Poppy Day Proclamation.

"Whereas, the President of the United States has expressed the hope that in accordance with the custom already established, through the symbol of the poppy worn on Memorial Day, the people of the United States, shall again pay their tribute to their soldier dead, and

"Whereas, the Veterans of Foreign Wars, and Women's Auxiliary, which organizations have been officially designated to suport this movement, will cause to be sold on Thursday, May 28, poppies to be worn in such commemoration, the poppies to be made by disabled veterans and the proceeds of their sale to be used for alleviating the conditions of other war-disabled, now,

"Therefore, I, W. O. Garrett, mayor of the city of Maryville, Mo., earnestly urge that the citizens of this city give their sincere co-operation to this cause which has for its purpose the commemoration of the sacrifices of those who gave their lives and health in the defense of their country.

"W. O. GARRETT, Mayor.

(Seal) "Dated this 27th day of May, 1925."

The proceeds of the sale of poppies will be devoted to the welfare of disabled veterans of the World War and disposed of for good causes.

Give whatever you wish—but 10 cents is the minimum.

The story of the poppy as a memorial flower is interesting. In the spring of 1919, after the war, on Flanders Field, where the firing had been terrific and where thousands of American soldiers had been felled by German bullets, poppies came up in abundance in the midst of complete devastation.

The French women say the poppy is significant of the sacrificial blood of the boys who fell on Flanders Field.

Those who have traveled through France since the War state that it is peculiarly true that where the battle was the fiercest and the bloodshed was the greatest, the poppies to this day grow more profusely.

The service organizations who are sponsoring the sale of the poppies throughout the Nation have pledged 100 per cent from the profits to the welfare relief for the service men and women and their families. Only poppies made by needy disabled service men and women and service units will be sold this year.

The 1,500 poppies must be disposed of tomorrow.

Your assistance will be appreciated.

Fall, Sinclair and Doheny Are Indicted

Federal Grand Jury Returns Bills Against Three Men for Second Time Within Year.

Washington, May 27.—Albert B. Fall, former Secretary of Interior, and E. L. Doheny and Harry F. Sinclair, oil magnates, were indicted here again today by a federal grand jury for alleged conspiracy to defraud the government in California and Wyoming naval oil leases.

This is the second time these three men have been indicted on the same charge. The first indictment was dismissed by the District of Columbia Supreme Court because unauthorized persons were in the grand jury room while the inquiry was being made.

The indictments are an outgrowth of the Senate's oil lease investigations of a year ago.

Edward L. Doheny, Jr., was not included by the grand jury, although he previously had been indicted.

MILLSPAUGH IS INDICTED?

REPORTS BILLS AGAINST OUSTED COMMISSIONER.

HOLDS DIRECTORS TOO

Charges Said to be Based Principally On Correspondence Between Millspaugh, McCutcheon and Myers.

Memphis, Mo., May 27.—Frank C. Millspaugh, former state finance commissioner, was indicted by a grand jury here, according to reports today. The indictments charge malfeasance in office.

The jury also is reported to have voted indictments against the directors of the Citizens Trust Co., of Gorin, Mo., the affairs of which have been under investigation by the grand jury for the last week.

The report of the indictments probably will be made late today or tomorrow to Judge Newland M. Pettengill.

The grand jury has been investigating evidence surrounding both the failure of the bank and the reported inactivity of Millspaugh, who is alleged to have known the bank was in failing condition.

Principal among the evidence was correspondence to Millspaugh concerning the bank's condition and the correspondence which passed between Jerome B. McCutcheon and Roy T. Myers, former cashier.

Memphis, Mo., May 27.—It was impossible to obtain official confirmation or denial today of reports that Frank C. Millspaugh, suspended state finance commissioner, was named in the twenty indictments returned here yesterday in connection with the failure of the Gorin Trust Co.

Millspaugh was suspended several weeks ago on the strength of a "confession" made by Roy T. Myers, cashier of the bank, that the former finance commissioner was aware of irregularities in the bank and accepted a fee for his silence.

It was reported today Millspaugh had been indicted on charges of malfeasance in office, punishable by five years in prison.

Indictments of Gerome B. McCutcheon, a director of the bank and close friend of Millspaugh, and Myers were asked of the grand jury.

Banquet Ticket Sale Reported Only "Fair"

Mothers' and Daughters' Banquet to Be Held at 6:30 o'Clock Tomorrow at Christian Church.

The ticket sale for the Mothers' and Daughters' banquet that will be held at 6:30 o'clock tomorrow evening at the Christian Church, has been only fair, up to date, the ticket committee reports. Those in charge of the banquet are desirous that persons who are intending to attend the banquet would purchase their tickets as soon as possible so that the committee in charge of the dinner can arrange for proper number of plates.

The dinner will be served by the pastors of the five protestant churches and the Older Boys Council.

Tickets can be secured from Mary Todd, Beverly Martin, Ruth Hammond, Doris Walker and Gertrude Wray, representing the five churches.

NO NEWS YET FROM FLYERS

POLAR EXPEDITION FAILS TO GIVE ANY REPORTS.

HOPES ARE RENEWED

Brother-in-Law Ellsworth Says Party Might Go to Alaska If Successful In Flight to Pole.

New York, May 27.—No news of the Amundsen-Ellsworth polar expedition has arrived here, the North American Newspaper Alliance announced through the United Press at 1 o'clock this afternoon.

Oslo, Norway, May 27.—Clearer weather and bright skies in the polar regions gave scientists and members of the Amundsen-Ellsworth party who are still at Spitzbergen renewed hope that Amundsen and his five associates would return in safety from their North Pole flight.

A greater length of time must elapse it was indicated by government officials, before there is sufficient apprehension on the part of the Norwegian government to ask the United States or any other outside agency to send searchers after the Amundsen expedition. It will be, they said, at least several days before the government will consider what steps should be taken to determine what has happened to the flyers.

Great interest was displayed here in reports from the United States quoting Bernard Prentice, brother-in-law of Ellsworth, as saying that Ellsworth had said that the party might go to Alaska if it succeeded in making a successful flight to the North Pole.

Prestrud, one of Amundsen's colleagues on the South Pole expedition, said that he had not given up hope and would not even if several months passed without news.

He recalled that three days were found necessary to fix the position of the South Pole.

Daring Rum Runner Caught After Chase

Party Of Ten on Small Ship Is Captured by Federal Prohibition Officers—Some Liquor is Found.

Rochester, N. Y., May 27.—Capt. Ben Kerr of Toronto, Canada, so-called king of the late rum-runners, and eight men and a girl were captured early today following a chase of a forty-two foot craft by a coast-guard cutter.

Only eight cases of Canadian ale were found on the boat, but hundreds of cases are said to have been thrown overboard by the runners in an attempt to escape.

Captain Kerr, according to the federal officers, is the most daring rum-runner on the lake. They had lain in wait for him for the last two years, it was said.

Fears Break Following Decision of Assembly

New York Presbyterian Official Says Split Will Follow If Presbyteries Support Decree.

Columbus, Ohio, May 27.—A break in the Presbyterian Church is certain if a majority of the Presbyteries support action of the General Assembly in decreeing that complete faith in the virgin birth is essential to licensure to a minister of a church, Dr. Henry Sloan Coffin, New York moderator, declared today.

False Fire Alarms Part of Klan Trouble

Two Clashes Between Opposing Factions in Massachusets County Result in No Injuries

Clinton, Mass., May 27—Sounding of six false alarms of fire in various sections of this city early today following a Klan meeting in Berlin and mobilization of the Clinton police created great excitement in this town. There were two clashes between the Klansmen and anti-Klansmen, but no injuries were reported. The disturbance was a part of a series of Klan and anti-Klan clashes in Worcester County.

Report Shaver Will Resign as Chairman

Rumors Have It That Oldfield Of Arkansas Is Slated To Head National Democratic Organization.

Washington, May 27.—It was reporter here yesterday Clem Shaver was preparing to step down soon as chairman of the Democratic national committee.

Representative William A. Oldfield of Arkansas, chairman of the Democratic congressional committee, had been agreed upon as his successor, the report added.

Meanwhile, party leaders are planning to have a meeting of the committee, probably in three weeks.

Information that a compromise had been reached on the national chairmanship leaked out coincident with the announcement by Mr. Oldfield of preliminary plans for the fight to be conducted by the Democratic party in the 1926 congressional elections. Mr. Oldfield plans to confer in Atlantic City Saturday with party leaders in preparation for campaigns in the special elections in New Jersey and Massachusetts.

Seeks To Avoid Fights.

For some time it has been known a change was impending in the guiding personnel of the national committee, but how or when it was to be accomplished leaders have failed to disclose. Mr. Shaver was said to have informed committee members several months ago he would not retire until a harmony candidate had been found. He was represented as feeling factional fights must be avoided in selecting his successor or the work to be done by the committee would be impaired from the start.

To the end that a compromise might be found, exchanges have taken place among representatives of Mr. Shaver, William G. McAdoo and Governor Smith, and it appears to leaders here a fight over the chairmanship can be avoided.

Shaver Under Fire.

Mr. Shaver, as chairman of the committee and manager for John W. Davis in the Democratic candidate's campaign for the presidency, has been made the target of criticism from within the party. Some of the Democratic wheel horses here insisted last winter that the national committee be reorganized and Mr. Shaver relieved but the chairman apparently chose to bide his time until he felt the threatened rumpus over the election of a chairman could be forestalled.

Perhaps it was significant that knowledge of the leaders' plans for an early meeting of the committee followed closely on the visit here of Mr. McAdoo.

"Better Mailing Week" June 1-7

June 1 to 7 has been designated as Better Mailing Week, according to information received from the Postoffice Department by Postmaster J. F. Hull.

A nation-wide campaign will be undertaken to reduce the loss brought about by carelessness in addressing mail.

During that week, several thousand motion-picture theaters, through the courtesy of the Motion Picture Theater Owners of America, will display on their screens slogans urging greater care in addressing mail.

National business and commercial organizations, mail-order houses, advertising associations and clubs are requested to get the message to their members, and postmasters in a number of cities will discuss the question over radio.

According to figures sent out by the Postoffice Department, 21,000,000 letters and 803,000 parcels were sent to the dead letter office last year. One hundred thousand letters go into the mail yearly in blank envelopes. From misdirected envelopes, $55,000 in cash is removed annually. Checks, drafts, and money orders amounting to $12,000 never reach their intended owners.

Uncle Sam collects $92,000 a year in postage for the return of mail sent to the dead letter office. It costs the government $1,740,000 yearly to look up addresses on misdirected mail. More than 200,000 letters are given this service and it costs in one city alone, $500 daily.

This vast sum of money could be saved and the dead letter office abolished if each piece of mail carried a return address and each parcel were wrapped in stout paper and tied with strong cord, according to Postmaster Hull.

Colorado Visitors.

Mrs. Clyde Patterson and children, Vivian, Nina and Warren, living near Wray, Colo., arrived in Maryville Monday for an extended visit with relatives and friends. Mrs. Patterson was formerly Miss Alice Furlong.

"Lightning Romance" Makes Your Hair Curl

Say, folks! Here's one that'll surely make your hair curl.

"Lightning Romance," a new Rayart Picture with a new star, Reed Howes, with a new plot that will thrill you and chill you at the same time. Those who have viewed an advance showing of "Lightning Romance at the New York projection rooms of the Rayart Company declare that this up-to-the-minute comedy-drama has some of the most breath-taking shots in it that have ever been screened. Notable among these are the shots showing a thrilling dive which young Howes makes on a motorcycle over a sixty foot cliff into the water below, and the sensational part that Rex, the wonder dog of the screen, takes in effecting the rescue of the pretty little heroine, played by Ethel Shannon.

It will be shown only one night at the Empire, Wednesday, May 27. St. Patrick's commencement program will be held at the Empire Theater tomorrow night.

WHITE CLOUD

The W. C. S. N. Club will meet with Mrs. Lerita Hanna Thursday afternoon, May 28.

Polarine
THE PERFECT MOTOR OIL

Is Power!

Watch Your Oil!

IF YOU use the correct lubricating oil for your engine, you are justified in expecting maximum power. If you are not geting it, you are using the wrong oil.

With the right grade of Polarine in your crankcase you will sense so much extra power as to astonish you.

And, inasmuch as power is mileage, therefore, extra power means extra miles. Watch your oil. Demonstrate this extra mileage to your own satisfaction.

The power of Polarine lies in the tough, resistant—yet cushion-like—film which it forms between the fast moving metal frictional surfaces in your engine.

This Polarine film maintains full compression in the cylinder, returning to you all the power your engine is capable of developing.

Moreover, when you use the correct grade of Polarine this film remains unbroken. Drain your crankcase every 500 miles, and refill with fresh Polarine. Consult chart for correct grade.

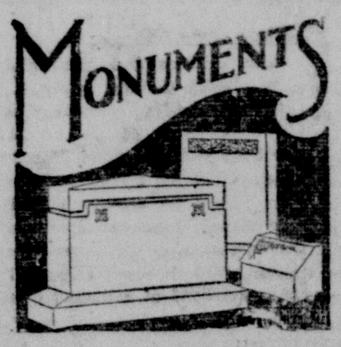
MONUMENTS



The Lasting Tribute

Mark every grave

Human nature never asserts itself more in unselfish devotion than when it places memorials over the resting places of the departed. This is a sacred custom, the modern way for man to pour forth his libation, to take his burnt offering, in loving tribute to the memory of his dead.

It is our duty to look after our departed. So essential is this that it became a part of the order of things of the ancient tribes of Asia Minor and it developed and matured at the very dawn of our present civilization.

We have a large stock of memorials on hand, which, we can assure you, are beautiful in themselves and a proper tribute to those who have gone before. Come in and see us and let us help you select your design.

MAY WE SERVE YOU? WE HAVE NO AGENTS.

PANELING JURY IS SLOW WORK

HOPE TO LOCATE WHITE, WITNESS IN McCLINTOCK CASE.

JUROR CHANGES MIND

Undergoes Change of Heart About Capital Punishment—Three "J. Smiths" Are Challenged.

Chicago, May 27.—Attempts to impanel a jury to try William D. Shepherd for the alleged murder of William Nelson McClintock proceeded at its habitual snail-like pace today as the focal point of interest in the case swept from Chicago to New York where the state hoped to locate Robert White, missing prosecuting witness.

Both state and defense today centered their attentfon in filling the gap in the second panel of four accepted jurors caused by the dismissal of Harold Pillar when he underwent a change of heart towards capital punishment after stating he had no objections to it during examination.

During the noon recess, three "J. Smiths," the first three veniremen summoned had been challenged for cause, one of them after having been passed by the state, leaving another session without progress.

Pending the location of White in the East, John J. Kelly, friend of White, who told state investigators White had demanded $5,000 from Shepherd's attorneys to repudiate his original statements, was being held incommunicado here.

Kelly has admitted, according to the state, that he was with White and Arthur Byrne, defense investigator, the night before White disappeared. During the day of his disappearance, White is alleged to have made an affidavit in which he is said to have declared the identification of Shepherd as a visitor at C. C. Faiman's National University of Science as false.

Everywhere this New Delco-Light has won an Instant Welcome

A month ago we announced a new Delco-Light electric plant—Delco-Light at a new low price—Delco-Light so inexpensive in cost that it could bring the blessings of electricity to every farm home in America.

Thousands of farmers have found, in this new Delco-Light, the thing they've always wanted—a genuine Delco-Light plant that they could have, *completely installed on their farms*, at a cost that was really low. Thousands of farm women have found the Delco-Light that would lighten their burdens and bring new happiness to their families—all at a very economical cost.

We Want You to Know About It

Here is a brief description of the new Delco-Light, and some general information about our remarkable new plan of complete installation and easy time payments. Read every word of this information. And then write or telephone immediately for the details of our complete offer.

A 600-Watt Non-Storage Battery Plant

The new plant is a genuine Delco-Light in every respect—full 600-watt capacity, strong, sturdily built economical in operation. It is equipped with a standard Delco starter and an economical starting battery. And its price is only $195 f. o. b. Dayton—the lowest price and the greatest value ever offered in a Delco-Light electric plant.

Complete Installation at a Remarkably Small Cost

In addition to this, special arrangements have been made whereby the Delco-Light Dealer in your community will install your plant and wire your house for five lights to be located wherever you specify. You will receive with the plant five beautiful spun-brass lighting fixtures complete with bulbs.

And all of this—plant, installation, wiring, fixtures, everything ready to turn on the lights—will cost you only $53, in addition to the price of the plant itself.

A Small Down Payment—Balance on Easy Terms

Finally, we have arranged that this new low cost for Delco-Light, completely installed, can be paid on terms so easy that anyone can take advantage of them. The total cost is only $248, including freight (a little more west of the Mississippi). But you make only a small down payment. The balance is payable on easy terms, arranged to suit your convenience.

Ask for Details

Never before has such an offer been made. Never before has Delco-Light cost so little and been so easy to buy. It means that any farm home—*your* home—can have Delco-Light today.

At the bottom of this advertisement appear the name and address of the Delco-Light Dealer for your community. Call on him, write, or telephone for full information—specifications of the plant, illustrations of the fixtures that come with it, details of our complete installation and wiring plan and the figures that show how easily you can now get Delco-Light.

COMPETE FOR FAIR SCHOOL

BOYS UNDER 16 ARE ELIGIBLE TO TAKE EXAMINATIONS.

FAIR IS AUGUST 15-22

Local Examinations to Be Given Same Time Teachers' Examinations, June 5 and 6.

Examinations will be held at the high school here on June 6 for boys 16 years and under in this county who wish to compete for the free trip to the Boys' State Fair School at Sedalia August 15 to 22. Leslie G. Somerville, county superintendent of schools, announced this afternoon.

Marshall Ford of the Wilcox district passed the highest examinations last year and represented Nodaway County at the Boys' State Fair School.

Who will be the boy to go from here this year?

Mr. Somerville said today that he was eager to have a large number of boys enter this competitive examination for the free trip. Examinations in agriculture, arithmetic and geography will be given.

The examination will take place at the same time as the teachers' examinations that will be conducted here by the county superintendent of schools, only two days will be devoted to the teachers' examinations, Friday and Saturday, June 5 and 6.

W. G. Dillon, superintendent of the Boys' State Fair School, has written to Mr. Somerville in regard to the school. He states that to be eligible for examinations the boys must live in the country on a farm. He must be under 16 years of age at the time of competitive examination, a member of an organized boy's club or enrolled in an elementary school as those who are in high school are not eligible to take this examination.

The winning in this competitive examination will be entitled to represent his county at the State Fair held in Sedalia, August 15 to 22, and all his expenses will be paid by the State of Missouri while he is in attendance at the Boys' State Fair School. The boy making the highest average in the three examinations will be awarded the trip and in case he cannot go, the second highest will be named to make the trip.

The program for the Boys' State Fair School.

Secretary Highway Commission Ousted

Suspension Takes Effect June 9—Cause Is Awarding Furniture Contract to J. R. Davis.

Jefferson City, May 27.—Ed S. Austin, secretary of the state highway commission, was notified of his suspension late yesterday in a telegram received from Theodore Gary, chairman of the state highway commission, who now is in New York.

Mr. Austin's suspension is effective until June 9, when the commission is to meet here. Mr. Austin was suspended, the telegram said, because he awarded a contract for office furniture to J. R. Davis of Nevada, furniture dealer, and Democratic member of the commission, recently appointed by Governor Baker. A state law prohibits any commissioner, officer or employee of the department from having any financial interest in any firm or corporation selling supplies to the department.

Mr. Austin will be given a public hearing before the board.

A Surprise at Capital.

The suspension came as a complete surprise here. Mr. Austin is well thought of and always has been regarded as an efficient executive of the department. Jefferson Cityans, old friends of Mr. Austin, who have known him since the days when he edited a small daily paper here, believe he will be exonerated when the commission hears his case.

Mr. Austin declared yesterday that at the time he was ignorant of any violation of the state law or that he was guilty of any wrong doing.

"In my opinion I have not violated any statute," he said, "and in the letting of the Davis contract I followed precedent in permitting the lowest bidder to receive the award.

"The fact is that Mr. Davis was the low bidder on the items purchased from him. I consulted with Carl W. Brown, assistant chief engineer, about the matter and afterwards asked Mr. Davis to ship the furniture. I am very sorry that Mr. Gary deems this action necessary. I trust that when the facts are presented to the commission at its next meeting it will not be disappointed in placing its trust in me."

Governor Not to Act.

Governor Baker yesterday checked to the state highway commission the duty of a possible action against Mr. Davis. A full report was placed before the governor late yesterday by B. H. Piepmeier, chief engineer, at the request of Chairman Gary.

The governor declared he intended to take no action against Mr. Davis, who is one of his personal appointees and a brother Knight of Pythias, for whom he ousted S. S. Connett of Fawcett, Buchanan County.

The law provides that a commissioner may be removed by the governor for misconduct in office upon charges preferred by any member of the commission or the chief engineer.

Prather Family Here.

The Rev. Guy L. Prather, new pastor of the Baptist Church, and Mrs. Prather and their three daughters arrived in Maryville today to make their future home. The family comes here from Carrollton, Mo., and will occupy the new parsonage at the corner of Market and Jenkins streets.

W. P. McCormick returned Sunday morning from Peoria, Ill., where he had been on a business trip. While there he visited his son, Dave McCormick, and friends.

Mrs. Margaret Carroll of Kansas City will come tomorrow evening to be the guest of her niece, Miss Pauline Mahoney, for a few days.

Famous K. C. Park Is Swept to Ruins

Loss Is Estimated From $75,000 to $150,000—Expect to Re-Open Famous Park by Saturday Night.

Kansas City, May 27.—Fire swept to ruin last night a large section of Electric Park, one of Kansas City's summer amusement resorts.

M. G. Heim, president of the park company, said last night he would not attempt an estimate of the loss. Others, however, were willing to estimate the loss at from $75,000 to $150,000.

"I believe that by getting enough workmen on the job tomorrow, we will be ready to open the park Saturday night, instead of Saturday noon," he said.

A mammoth crowd was attracted by the blaze which illuminated the sky for miles around the park, and provided a spectacular display. Spectators were out on lawns, on tops of houses and parked in motor cars on hillsides near and far.

The Flames Spread Fast.

The fire was a thing of sudden fury. From a small blaze in the vicinity of the merry-go-round, the flames spread in a few moments to proportions which made it seem impossible that any part of the park could be saved.

The origin of the fire, according to Chief Alex Henderson, was probably in a short circuit in meters of the Kansas City Power and Light Company, located between the merry-go-round and "The Bug House."

A thin spiral of flame licked up the side of the concession, darting high in a column of smoke as it came in contact with a tar roofing composition. In another instant it had spread fan-shaped across the roof and the gaudily painted building was in a superstruction of flame.

"Confessed" Murderer Is Mental Defective

Sheriff Declares Unkempt Foot Traveler Is Laboring Under Delusion of Being Slayer of Dr. Dillon.

Perryville, Mo., May 27.—John J. Carey, unkempt foot traveler, who yesterday asked to be executed as the slayer of Dr. William A. Dillon, is a mental defective laboring under a delusion of being a murderer.

This was the belief expressed today by Sheriff Andress here after questioning Carey for twenty-four hours.

Carey walked into the sheriff's office yesterday and declared that he had killed Dr. Dillon on the Washington University campus in St. Louis on the night of April 20 because Dr. Dillon did not supply him with dope. Carey also asked that he be executed immediately.

No effort will be made to take him to St. Louis until his story is definitely established, the sheriff said this afternoon.

Says Board of Trade Is Under Investigation

But Directors Persistently Deny Rumors Coincident With Announcement That Jardine Will Arrive Tomorrow.

Chicago, May 27.—Information that the Chicago Board of Trade has been under secret investigation by Department of Justice agents during the last six weeks in which various charges of artificial price manipulations have been voiced and denied, trickled out here today coincident with the announcement that Secretary of Agriculture Jardine would visit the board and confer with the directors tomorrow.

The members of the board denied, however, that they had any knowledge of expectancy that Jardine would demand a house-cleaning. They also characterized as absurd the reports that a threat to revoke the charter of the board unless changes are made.

W. E. Needles of Parnell was a visitor here yesterday.

Bill Would Make Two States of Illinois

Springfield, Ill., May 27.—A "new state" in Illinois was in the process of making today as the result of a bill introduced in the Senate by Senator John Denvir of Chicago asking the United States Congress to divide Illinois into two separate states to be known as North Illinois and South Illinois. The bill was scheduled to go to the executive committee for action.

CLOSING GRAIN REVIEW.

Chicago, May 27.—Grain futures closed at lower levels on the Chicago Board of Trade today.

Wheat was extremely nervous and erratic. Partial recovery was made from the opening low point on pessimistic crop news. Advises showed the cold wave did not cause so severe losses as anticipated. Buying in the final hour brought about recovery of some of the day's losses.

Corn was weak with heat. Although it is realized that some cold weather damage was done, the crop has more time to recover and make good gains under favorable weather.

Important export sales helped oats to firm up after a fractional recession.

The feature of higher provisions was the advance in hogs. Shipments increased.

Broadcast for Bandit Causes Confusion

Reward of $600 Offered for Arrest and Conviction of Quitman Bank Robber

(Shenandoah Sentinel-World)

Broadcasting from station KFNF Shenandoah, of a description of the lone bandit who secured $310 when he held up the cashier of the Farmers Bank at Quitman, Mo., Monday noon, made it hard on customers of Dr. J. O. Weaver, eye specialist. The lone bandit was wearing a patch over one eye. The robber, in conversation with H. C. Bailey, cashier, said he was trimming hedge and was poisoned by the hedge.

A Missouri customer of Dr. Weaver was embarrassed by being questioned by local officers. The Westboro man had a patch over his eye and a Missouri license on his car. The man who was accompanied by his mother and sister soon established an "alibi."

A lone bandit, about twenty-three years old, dressed in rough clothes, entered the Farmers Bank at Quitman at 11:50 o'clock held up the cashier of the bank, bound and gagged him and got away with $310, all of the money on the counter.

The young fellow was dressed in overalls and a corduroy cap. The cap was slightly torn and the overalls soiled. Mr. Bailey said the bandit is light complexioned. He was wearing a patch over his eye.

He pulled a gun on the cashier of the bank, threw some peppers in his face and bound him. The bandit then proceeded to sweep up all the silver and currency that was lying on the counter, jumped into an apparently new Ford touring car.

Sheriff L. B. Campbell said the fugitive had not apprehended or any trace of him revealed this morning. The sheriff was of the opinion that a reward of $600 is offered leading to the arrest and conviction of the bandit who robbed the bank at Quitman.

"LIFE IS BUT TRIANGLE"

(Continued from page 1).

solve these three facts or at least gain a better knowledge of them we are well on our journey in life.

"The first fact that we must discover in life is ourselves. The fact that you are is the most important fact in your life and concerns you more than anything else. So you must be aware of your existence and further you must discover your possibilities. Know what you can do and what you cannot do.

"If you are a teacher and should be a farmer you should discover this fact. The same with any other situation you may be in.

"Men throughout the ages have had hard times in discovering themselves and finding that they are misfitted in their present work. Don't go out to find a job until you have found out what kind of a job you are fitted for.

"Too many people when they graduate from school go out into the world and ask for a job. When questioned as to what kind of a job they wished they reply that they don't know, just any kind of work.

"How to find your self is then the most significant question before us. Men have found their true ability in many different ways. Sometimes it has been in the light of another man or a noble and pure women but sooner or later you will see the vision and then is the time to place yourself in this work you are best suited for.

"After a man has found himself and his ability and sets out to succeed the next great fact that he finds is that of the need of that great power in life. Man is always conscious of that kinship that pulls him upon his two feet and bids him to look ahead.

"Man must have faith in this great power. He can not dare to live without it. There are many ways in which man comes to find this great power. Sometimes it is in the dead of night, sometimes it is in the midst of a large crowd, or in a large forest. But always, when ever man finds himself he will also find this second great fact in the universe, that of God.

"The fact number three that we are always aware of in this world is that of the other fellow. We are an aggregation in this world and must work in units. We are independent and not Robinson Crusoes alone on a small island. None of us could have assembled here today if it had not been for the co-operation with another fellow.

"You may think that you are not in the same class with a common laborer yet you depend upon this man to furnish your clothing and your food. In this world this inter-dependence is continually increasing and where formerly you made your own clothes and planted your own grain you now have other men do this for you. The man that is the least dependent in this world is the man that is least capable of instilling confidence and respect in the hearts of his fellow workers.

"Christ was the first teacher of the doctrine of brotherhood. Nature is continually giving us examples of the need of co-operation among the different units of life. The bees co-operate with the flower when it gets honey in the summer time and at the same time spreads the pollen which results in the life of other flowers. We find that nature co-operates even after death. It is the dust of the dead bodies that supply the life for the growing world today.

"Christ when he came to this earth gave the solution to the three problems that confront us at the present time. He said; "Love the Lord thy God and love thy neighbor.

"Here you are then. You have found yourself. Now if you would complete life you have only to throw out the line are the vertex to thy neighbor and to thy God and the triangle of life is complete.

"It is a challenge that I give to you graduating students. To throw out the lines from your life and connect yourself up with the other two great facts of life. It is a problem that is worth your best efforts. I challenge you to do it."

GIVES COURSE IN LEADERSHIP

WILL EXPLAIN WORK OF PARENT-TEACHER ASSOCIATIONS.

TO BE HELD JUNE 3-5

National Field Secretary To Be In Charge—College Faculty To Furnish Part Of Programs.

A course in leadership in parent-teacher work will be given at the State Teachers College here on June 3, 4 and 5, and Miss Frances Hays, national field secretary, who has been in charge of this work at the University of Missouri, will conduct the study at the College. She will be assisted by Mrs. F. O. Cox of Kansas City, state president of the Missouri branch of the National Congress of Mothers and Parent-Teacher associations.

This course is free to everyone and it is hoped that many will take the opportunity to learn more about the work. All towns in the county not having parent-teacher associations are asked to send representatives to the meetings here.

The programs will begin at 9 o'clock each morning, and on Wednesday and Thursday evenings there will also be programs given by members of the College faculty. The evening programs will consist of music and addresses upon subjects relating to the work.

HOPKINS TO PLAY SUNDAY

IS A RETURN ENGAGEMENT FOR THE HOPKINS CLUB.

CLARINDA SATURDAY

M. M. B. C., to Play Memorial Day Game With All-Nations of Clarinda in a Return Game.

The Maryville Merchants' Baseball Club will have two busy days this week-end.

The management has booked a return game with the Clarinda All-Nations for Saturday of this week, Memorial Day, at Clarinda, Ia. Last Sunday Clarinda played here and under unfavorable weather conditions lost a one sided game to the M. M. B. C.

Tommy Tobin is now a permanent member of the M. M. B. C., and will be on the receiving end of the battery in the future. He will have either Gordon Joy or John Brennan pitch to him Saturday at Clarinda.

On Sunday the local club will give a return game to the Hopkins ball club. Heine Buhler will be on the Mound Sunday to face the Hopkins batters. The local boys have been working out regularly this week every evening at the ball park at the old fairgrounds.

The feature game that has been booked by the M. M. B. C. is the game with the Kansas City Monarchs, members of the National Colored League. The Monarchs will be here Sunday, June 7 to oppose the local ball players.

St. Marys to Play Bolckow on Sunday

Team Will Practice at 6:30 o'Clock Tomorrow Evening at the College Athletic Field.

The St. Marys baseball team will practice at 6:30 o'clock tomorrow evening at the athletic grounds of the College, it was announced today.

The St. Marys team will play the Bolckow nine at Bolckow on Sunday.

Five Spoofhounds to Get Track Letters

Only five men of the 1925 Spoofhound track and field team of the Maryville High School are eligible for letters, and will be awarded them in the near future, according to H. G. Ebert, coach.

The men are Porterfield Cockayne, LaVerne Robey, Paul Kissinger, Robert Westfall and Karl King.

In order to win a letter in track the men are required to win a point or a fraction of a point in the Northwest Missouri district meet or in any one of the invitation meets in which the Spoofhounds competed.

By taking points in the dashes Cockayne is eligible for a letter. This is the last season that Cockayne will be eligible for competition on the track team.

LaVerne Robey has one more year in which to compete. He is eligible for a letter for taking points in the dashes, pole vault, and broad jump.

Paul Kissinger won points in the high jump, which entitles him to a letter. He has two more years of competition.

Robert Westfall, who was graduated this spring, placed in the shot put this year. And Karl King, who placed in the half mile, has one more year of competition.

M Men's Club to Have Banquet Tomorrow

The "M" Men's Club of the Northwest State Teachers' College will have a banquet at 8 o'clock tomorrow evening at Knox Cafe. At this occasion "M" certificates will be awarded to the seniors who will be graduated this year.

It is expected that several out of town graduates and former students who have won letters at the College here will be present at the banquet.

Howard Wilson of Omaha, who has been visiting Mr. and Mrs. Ed Thompson and Mrs. Ada Goff and daughters for a week, returned to his home yesterday morning.

California Picnic to Be Held on June 14

The annual picnic of the former residents of Nodaway County, now living in or near Los Angeles, will be held in Bixby Park in Long Beach on Sunday, June 14. All are invited to come and bring their lunches. Coffee will be served. Mrs. W. A. Sayler is secretary of the Nodaway County California Association.

State Income Taxes Payable Before June 2

Monday, June 1, is the last day for paying state income taxes before the penalty of 1 per cent a month goes into effect. State income taxes should be paid to Emmett Bartram, collector, for those who live in Polk township. Taxes in the other twonships should be paid to the respective collectors of each township.

Suffers Broken Arm.

Maurice Sharon, a truck driver for the Starr Construction Company, sustained a broken right arm yesterday morning while cranking a truck.

Mrs. Harold O'Banion, with her son and mother, Mrs. Murphy, of Polo, Mo., are guests of Mr. O'Banion's parents, Mr. and Mrs. C. O. O'Banion, for a week. The visitors came Monday.

Mr. and Mrs. Ernest Swinford and daughter, Margaret, of Pickering motored to Kansas City yesterday morning to visit Mrs. Swinford's sister, Mrs. Schoonover, and family, and other relatives.

Mr. and Mrs. Newt Long of Ravenwood were in Maryville yesterday.

Charming Printed Frocks

The Essence of Fashion and Value!

In Summery Styles!

There's no dispute! Printed crepe frocks stand first in the Style list. Our New York buyers surely pleased us with these printed Crepe Frocks—at this price—they pleased us because the Dresses will please you!

The material is a Mercerized Crepe—with cotton in it, to be sure, but with a lustrous, silky finish. And, just think, they are priced at,

$4.98

437 billion 209 million 801 thousand 4 hundred DOLLARS!

A colossal sum. It's not the cost of the world war but the total payments made through banks by checks and drafts in 1924.

Ninety-five per cent of all business is done by check, because a checking account saves time and loss, lessens bookkeeping and gives a legal receipt for every payment made.

Handle your personal finances in this easy, modern way. You can open a checking account here in two minutes.
